

SHALINI PRAKASH

Python Developer | Bengaluru, Karnataka

Phone: +91 99860 71428 | Email: shalini.prakash@exampleemail.com

Total Experience: 5 years

PROFESSIONAL SUMMARY

Python developer specialising in API design and data engineering workloads.

TECHNICAL SKILLS

Python, FastAPI, Flask, pandas, NumPy, Airflow

PySpark, PostgreSQL, MongoDB, Redis, Docker, GCP

BigQuery, REST APIs, Pytest, SQLAlchemy, Git, Linux

WORK EXPERIENCE

Python Developer - Larkspur Data Services

Sep 2021 - Present

- Built 30+ Airflow DAGs orchestrating ingestion from 12 partner systems.
- Developed the customer-facing reporting API in FastAPI with async database access.
- Cut a PySpark aggregation job from 90 to 22 minutes through partitioning and broadcast joins.

Junior Developer - Larkspur Data Services

Aug 2020 - Aug 2021

- Maintained ETL scripts and wrote data validation utilities.

PROJECTS

Schema Drift Detector: Tool that diffs incoming partner schemas and blocks breaking loads.

PDF Report Generator: Python service producing 4,000 branded client PDFs monthly.

EDUCATION

M.C.A. - National Institute of Technology, Trichy, 2020

B.Sc., Computer Science - Bangalore University, 2017

CERTIFICATIONS

- Google Associate Cloud Engineer, 2022
